

February 2023 BFC2125 Project

INSPIRATIONS EMBROIDERY GROUP FEBRUARY 2023 PROJECT

For a lot of us color is always a perplexing thing. How can you tell you've made good color choices? Can you change colors? How do you change colors?

Come join us for a February project. As you can see my designs today are not expected colors! The project is to change the colors and stitch out the design. Everyone that sends in a picture of their stitch out will get a \$10 coupon towards designs or thread at the end of the month. I will post more documents as we go along. I hope a lot of you will participate!
